SUMMARY

Full-stack developer intern with hands-on experience in React.js, Next.js, MongoDB, and MERN stack development. Built and deployed scalable web applications with responsive UI, authentication, and optimized backend logic. Strong foundation in OOP, DSA, and Agile workflows.

WORK EXPERIENCE

Front End Developer Intern - Euroasiann Marine Spaces Pvt. Ltd.   **Oct 2025 - Present**

- Built a PartFinder Portfolio for the company using React.js, MongoDB, and Next.js
- Developed UI components for the ERP platform using React.js, improving responsiveness
- Developed a full-stack restaurant website using React.js, Next.js, and MongoDB - **LIVE**
- Worked as a Scrum Master for both PartFinder and ERP platform

Tech Stack: React.js | Next.js | Node.js | MongoDB | JIRA | Git

---

PROJECTS

Path Sensing Robot - DRIVE   **Sept 2024**

Developed an autonomous robot capable of obstacle detection and path following using sensor-based logic, designing control algorithms to adapt to real-time environmental changes. Debugged hardware–software integration issues under strict time constraints

Skill Sync - LIVE   **Jan 2026**

Built a MERN stack job-search platform with user authentication, job listings, and application management. Implemented a responsive frontend, optimized backend database operations for better performance, and ensured scalable, maintainable code through modular architecture and documentation.

SKILLS SUMMARY

Programming Languages: C, Java

Frontend: React.js, Next.js, HTML5, CSS3, JavaScript

Backend: Node.js, REST APIs

Database: MongoDB, MySQL

Tools: Git, GitHub, VS Code, Cursor, Vercel, Render, Anti Gravity

Concepts: OOP, DSA, Agile, Scrum

EDUCATION

Bachelor of Engineering (Computer Science and Engineering)   Hyderabad, India
Koneru Lakshmaiah Education Foundation   August 2023 - Present

Intermediate (MPC) - 93.8%   Hyderabad, India
Deeksha Junior College, Hyderabad   June 2021-June 2023

CERTIFICATIONS & ACHIEVEMENTS

Global Certifications: VIEW

- AWS Certified Cloud Practitioner
- Microsoft Azure Fundamentals
- Salesforce AI Associate
- Advanced Automation Certification
- MongoDB Associate Developer
- MongoDB Database Administrator

Secured a Top 5 position in the BUILD-A-THON technical event.
